# Content

**BODY** - This is the thought, quote, comment, conference talk summary, question or anything you want to reference to a scripture word or verse(s).

Ⓐ Luke 10:17-20 IP# 64 MS# 7 / 40 / 36 eF# \_\_\_\_\_

### Scorpions & Snakes

A scorpion represents something which can hurt us. Symbolically that "something" represents evil. Simply stepping on a scorpion will not kill it! Scorpions have the ability to flatten their bodies to the approximate thickness of a credit card and live to bite again. So how do you kill a scorpion? By using the full force of your body, press and twist to squish it and break its body apart.

The message here is it's not just the power (priesthood) to overcome your enemy which is needed, but how you use it. With a scorpion, you kill it one way, with a snake, another way. Satan doesn't just work in one way with one "thing" to get us. We must know our enemy and the way to kill it—or it will kill us!

Example 1

You can use one Sticky Note for more than one thought or quote like in Example 2 below.

Ⓐ Mosiah 2:17 eF# \_\_\_\_\_ IP# \_\_\_\_\_ MS# \_\_\_\_/\_\_\_\_/\_\_\_\_

*On Sept. 9, 1990 while I attended a national city manager's meeting in Dallas, an LDS city manager's fireside was held. Neal A. Maxwell spoke. He said, "Meekness is the quality most lacking in public service."*

Ⓑ Mosiah 2:7-8 *This reminds me of General Conference and the Conference Center in SLC. Also, the words of the talks go out in the Ensign to those who can't hear them in person.*

Ⓒ Mosiah 2:16 *See Mt. 25:40 "I was much as you have done it unto one of the least of these, my brethren, ye have done it unto me." And see Mt. 25:45 which is the opposite.*

## TIPS:

1. Get it right. If you are quoting someone, quote exactly what they said. You can always add your comments below or above. Use quotation marks or italics for their quote.

2. Always give the source. You may want to go back to the original place you found your quote. You can only do that if you've listed where it came from. Examples of what to include are author, title, page, edition, article, and date. Besides, if you make a comment in class, everyone will say, "That's great, where did you get that?" 😊

# Connections

**CIRCLED LETTER** - **A** In the top left corner of every Sticky Note is a circle with a letter in it. The same circled letter will be marked in your scriptures next to the word or verse(s) that relates to the information on your Sticky Note. We suggest using a red pen or pencil. See Example 3.

Example 3

The first Sticky Note on two facing pages of scripture will start with the letter "A." Each additional note will continue up the alphabet (B, C, D, etc) for those same two facing pages of scriptures. See Example 4.

Example 4

Example 5

Each new set of two facing pages of scripture starts over with "A." In Example 4 we could have Sticky Notes labeled A, B, and C on pages 1460 and 1461. Then the next two-facing pages (1462 and 1463), our Sticky Notes would also be labeled starting A, B, and C, and so on.

**SCRIPTURE** - Next to the circled letter on the Sticky Note is the scripture reference for the Sticky Note. This comes in handy if you are referencing more than one verse. See Example 1. Also, if the Sticky Note falls out of your scriptures, you'll know right where to put it back. You can connect the content on the Sticky Note to a specific word, verse(s) or even chapter (Example 6) in your scriptures.

Example 6

These IP, MS and eF numbers come from Bruce Barton's ScriptureKIT Books and ezFIND! software.

## ScriptureKIT Book 1 Information Pages (IP)

Over 120 pages to insert in your regular or large print scriptures as a ready-reference. The Information Pages give quick information in the form of maps, quotes, stories, charts and more - all related to the LDS Standard Works. These pages can also be used from the spiral-bound book they come in. You can also make your own IP pages to add to the ones in the book. [Click here](#) to see how. Book 1 and Book 2 work together.

## ScriptureKIT Book 2 Cross Referencing System (MS)

A circular study system for the Standard Works using 50 Main Subjects which cross references everything. Pages can be put in your scriptures or kept in the book. Each page comes with suggested topics. You can add your own similar items which would come under one of the 50 Main Subjects. Book 1 and Book 2 work together.

## ezFIND!

With this computer software system for religious or home/general filing you can type, copy & paste, scan or download any item and FIND it again fast. Can be used with your traditional filing system. *And* all your Sticky Notes and their content can be connected to a scripture for instant retrieval! [Click here](#) for more information.

## Date

It's always a good idea to keep track of when you do things. Adding Sticky Notes to your scriptures is no exception. So we suggest putting the date on your Sticky Notes.
